

1 Day Free Global Online Proficiency Improvement Programme (oPIP) on
"Digital Library on Green Mobility (DLGM) and TechNovuus"
 on 9th April 2021 at 9:15 am

As green mobility has emerged as the best approach for promoting sustainable transportation, it is important to draw lessons from the vast amount of available information in understanding and capturing ground realities in the various issues related to the sector. The Digital Library on Green Mobility (DLGM) is a one-stop-shop for access to knowledge on Low Carbon Transport in India. It caters to diverse set of stakeholders such as government ministries, departments and agencies, Civil Society Organizations (CSOs), academia, citizens, research community, industry, businesses houses, consultants, etc.
