

**HC/CO**

Overview:

In today's scenario, everybody is well aware about the importance of HC and CO emission. It is important to learn about the sources of HC and CO emission formation in engines. Since, HC & CO formation is more dominant in SI engine than CI engines. Hence, the focus should be on the formation of these emissions from Gasoline engines.

ARAI Academy presents a **comprehensive eLearning Proficiency Improvement Program (e-PIP) on "HC/CO Emission Formation"** for students, faculty and working professionals.

On completing this course successfully, learner will get a certificate.
