

Overview:

Over recent decades, increasingly stringent emission standards have been enacted in all major world vehicle markets. Vehicles sold in these markets are required to comply with the applicable standard by passing a Type Approval (TA) Test or Conformity of Production (COP) Test. It is very important to understand the latest legislative emission limits under these TA and COP test.

ARAI Academy presents a comprehensive e-Learning Proficiency Improvement Programme (e-PIP) on “**Emission Type Approval (Including BS-VI): Light Duty Vehicles**” for students, faculty & working professionals.

On completing this course successfully, learner will get a certificate.

Course Content:

- Classification of the vehicle categories
- Types of test mandatory for type approval
- Type Approval test applicability on different types of vehicles
- Vehicle Conditioning
- Mass Emission test Setup
- Applicable driving cycle (BS-IV and BS-VI)
- Understand BS-IV vs. BS-VI emission regulations
- OBD Limits
- Conformity of production (COP)
- Regulatory Fuel Specifications

Course Seat Time:
2 hours

Course Validity:
60 days

ePIP Highlights:

- Latest and up-to-date content
- Highly interactive, engaging and effective
- Real-life industry examples
- Assessments to assess learner’s knowledge
- Certificate on passing the Final Assessment

Course Cost (INR):

- **Student:** Rs. 1,000 + 18% GST = Rs. 1,180
- **Faculty:** Rs. 2,000 + 18% GST = Rs. 2,360
- **Corporate Individual:** Rs. 4,000 + 18% GST = Rs. 4,720
